

OUR RANGE OF SERVICES

IMP Limited has a large fleet of modern mobile plant capable of carrying out a wide range of services in the water, construction, roads, petro-chemical, rail and power industries. We handle:

- All types of pipeline cleaning and descaling, internal and external; tank and lagoon cleaning; high pressure water jetting; mobile sludge dewatering service.
- Pipeline, borehole, chimney and tank inspection by fully equipped survey rigs using top quality remote control colour CCTV cameras.
- Pipeline and sewer renovations; joint testing and sealing.
- No-dig techniques, installing services from 50 to 1500mm in diameter, using horizontal directional drilling, pipe ramming, pipe jacking and micro tunnelling.
- Slip lining, pipe bursting and shaft sinking; pressure pointing and manhole sealing.
- Material recovery, wet and dry, using high performance vacuum loaders; rental service of vacuum tankers.
- Customers hiring our plant have access to our waste treatment facility at Carntyne, Glasgow.
